

# **Blue Grass Sportsman's League Meeting No Ring Policy**

**I move that the Board of Officers and Directors of the Blue Grass Sportsmen's League Enact a "No Ring" cellular phone and device policy during all Meetings of the Board of Directors and the General Membership Meetings. Silent, Vibrate, and Visible alerts are to be allowed. This also includes taking or making calls at a voice volume intrusive to the speaker on the floor. This policy would allow for and encourage the President or Secretary to announce a reminder at the beginning of or during a meeting as necessary.**

**All phones have a silent setting of some sort, and League business is paramount over distractions of a personal nature.**
