

PRESIDENT'S CORNER

My fellow Sportsmen,

We are "BLUE GRASS"! These 2 words are huge in our world! And I'm proud to be a small part of it! I sure hope you are too. This club is respected throughout the state and then some for it's quality and it's size. Most folks get to the size fairly soon into any conversation and never cover the entire scope of our club. We are as diverse as any organization of any kind. As far as the term diverse is concerned, I like to think that it pertains to the members as well as our facility. I hope every member comes to realize this.

The one thing that is really missed in those conversations is our heritage. As we all know, we each have our own reason for being members of BLUE GRASS. Whether it's to meet folks, shoot at your own convenience or just to sight in your trusty deer rifle, BLUE GRASS will get it done. My reasons are different now than they were when I joined back in 1992. Then, I wanted to be in the shooting sports world in anyway I could. Always wanted to be a sportsman and learn as much as possible about the shooting sports world. My luck has never run on the good side but to join the biggest and best Sportsmen's club in the state and one of the top clubs in the country without even knowing it is just dumb luck on my part.

Now my reasons are expanded. I'm a part of something very special and will stay a part of it for as long as I'll be alive. Those 2 words, BLUE GRASS mean so much to me simply because of what they mean to our world and our heritage. If you are like me when I was new to BGS� then look carefully at this piece of central Kentucky. If you have been here for a long time and don't realize what those 2 words mean to the shooting sports world then please take that same look. The reason most given to me for dropping membership is that they "don't use the club enough and don't find it worth the dues." This seems so foreign to me. I don't understand that position but I do not walk in their shoes.

If you are considering giving up your membership for any reason please take that look at this piece of central Kentucky. Please see the potential and the value BLUE GRASS can be for you.

Hope to see you at the club! (With a guest)!

At Your Service and telling it straight,

Greg Delabar

BGSL YOUTH COMMITTEE**(S.C.O.P.E.) Calendar - April 2005***Bring-A-Kid / Teach-A-Kid*

Hello everyone,

The reactive target shoot was a blast. We got to use all kinds of pistols and .22 rifles. The first thing we did was we had lunch at Delabar Lodge. We shot at metal targets that fell over after you shot them, cardboard, oranges, lemons, apples, paintballs, crackers, and LOTS of bottles! It was a great shoot and we had lots of variety.

The shed hunt was great. We had a great hunt too! The weather wasn't even that bad. A huge shed was found and appeared to have just been dropped. We had a lot of fun walking through the woods in parts of the club we had never been in before. This place is a lot bigger than it seems.

Next we have the youth turkey hunt April 2nd and 3rd. This will be our first youth turkey hunt ever! This hunt is for BGSL members only. Anyone over 10 must have an orange card and license. This hunt will follow state guidelines and should be one of the BEST HUNTS EVER!

As always S.C.O.P.E. and BGSL youth events are open to you and any friend's, families and groups that you want to bring or let know about our program.

(Feel free to pass this flyer along to anyone you may feel is interested.)
And there are usually no costs. Come on down to the club and let's have some fun!

Events may be changed or added as opportunities arise.

News from the Skeet and Sporting Clays Division

This division is preparing for a full year coming up. In addition to the already scheduled events listed below there will be some state contest events. NSSA stands for National Skeet Shooting Association and NSCA stands for National Sporting Clays Association. We are re-affiliating with both these groups so that you can shoot registered targets closer to home. New traps have been installed on field two and a new token vendor with footswitch installation will soon follow. We hope to install lighting on the wobble trap field this year to add to your evening activities. Break out your old blunderbuss (or give yourself an excuse to get a new one) and get involved. After all, this is your club. These events are in addition to or coincident with the regularly scheduled evening and Sunday events. Think about who you can bring or send to the April 23rd New Shooters Day. Lots of people want to participate in these sports but don't know where to begin. The Winter Leagues are in session and run through the end of April. Wobble Trap rates have been increased by \$1.00 per round.

Website on the move!

A few changes for the better have been made to the BGSL website. First, we have done a general clean-up of the site: fixing dead links, incorrect e-mail addresses, the new member/renewal page etc.

Second, we have FINALLY put up a workable calendar. The first impression I think you will have is that there is lots going on at BGSL.

Keep watching the website – more to come!
