

The archery division at bgsl is hosting a National Archery event April 8-10 bringing in both Amature and Professional archers from across the country.

We are in the need of volunteers to help assist with the event. It is not a must to have archery experience. We need help on directing people to their necessary ranges, possibly parking and various other assistance.

Ranges will open for competition at 7:00am Friday, Saturday, and Sunday.

Anyone that can assist please give me a call.

Thanks,

Don Smallwood
