

GSSF at BGS� Cancelled

Due to the shoot size, multi-state participation, and current concerns around COVID-19, the Glock Sport Shooting Foundation has **cancelled** the **Bluegrass Regional Classic XXIII** Match that was to occur at the Blue Grass Sportsmen's League this weekend (October 17-18). The GSSF also cancelled other similar matches around the country.

A Reminder & Some Good News

We are sad to see the Glock Match cancelled, but it may be used as a reminder that we all need to continue to be aware of the coronavirus situation and continue to observe the guidelines regarding it. Just to try to throw a little sunlight on the gloom, below are a couple of items of good news for BGS� members.

Final Pond Stocking of 2020

The fishing pond is freshly stocked for the last time this year. Enjoy some of the cool weather and catch some fish! Limit of two catfish per membership per day, and all other species are catch-and-release.

New Pistol Instructor at BGS�

The BGS� Training Committee has certified Natalie Bohon as a Pistol Instructor. Natalie offers both small classes and private instruction. As a competitive shooter herself, Natalie will help her students master the fundamentals of safe gun handling and basics of shooting, as well as guiding them further in taking on the more technical aspects of competitive shooting as they are ready. See [Natalie's Instructor Profile](#) to learn more.
