

2021 USPSA KY Section Championship June 18-20

The Blue Grass Sportsmen's League and the Bluegrass Pistol Club ([BGSL Pistol Division](#)) are proud to announce the second annual Kentucky USPSA Section Championship. This is a major match that grew out of the combination of the Section Low Cap and High Cap Matches last year forced by the covid19 pandemic resonance. Lafe Kunkel returns as the Match Director for this match, and he will no doubt improve an already excellent shoot. The match book can be viewed [here](#), and there may still be openings to sign up for the match on [Practiscore](#).

Members who are not shooting in the match or helping run it, can still support this effort by exercising patience and understanding with any changes to their routine during the setup, competition, and tear-down. Setup will begin Saturday, June 12, in **Pits 1,3,&4**, which **will remain closed until the end of the match and tear-down on the 21st**. **Pit 2 will remain open for pit pass holders through Tuesday, June 15**, then will be **closed through the rest of setup, competition, and tear down with the rest of the pits**. **Competition will occur on the 18th through the 20th**. As always, the [BGSL Website Events Calendar](#) will be updated with any changes or additions, so keep an eye on it during the time before, during and after this big match.
