

Youth Pistol and Bow Hunter Education Classes

Coming up on Thursday, August 26, and Saturday, August 28, there are two excellent opportunities for the Blue Grass Sportsmen's League's younger members.

Youth Introduction to Pistol Class

Thursday, August 26, 6-8pm

BGSL Pistol Instructor Natalie Bohon has agreed to lead this class covering gun safety and very basic handgun fundamentals. First, the participants will get a chance to practice with a laser trainer, and then they will get a chance to try Natalie's Glock 44 in the pits, with (.22LR) ammunition furnished by the [Youth Committee](#). This class is open to youth from 10 to 17. Participants must be accompanied by a parent (or legal guardian), and the parent (or guardian) must sign a consent form to allow the child to participate.

Please sign up for the class before attending, as spaces are limited, and we want to make sure everybody gets their chance. There is the possibility of another class if signups exceed the capacity of this first one. Do not miss out on this chance to let your kids get a safe, fun start to handguns. **Email Nelson Bottoms at youth@bgslinc.com to sign up for this class and with any questions you might have.**

Bow Hunter's Education Class

Saturday, August 28, 8AM

There will be a hunter education class for Bow Hunters on Saturday, August 28, organized by BGSL member Rafaelito Fraden. The class will start at 8AM in the main clubhouse and finish up outside in the old Archery area for the afternoon. At the conclusion of the class, successful attendees will receive both orange hunter safety cards (required to hunt) and Bow Hunter cards.

Attendees should bring a lunch and dress appropriately for the weather forecast, as quite a bit of time will be spent outdoors for the second part of the class. **The link to sign up is here: <https://www.register-ed.com/events/view/169275>, and the linked page also has an option to contact Rafaelito with any questions you might have about the class.**
