

Deer Hunters' Annual Classic

The Blue Grass Sportsmen's League will hold the "Deer Hunters' Annual Classic" on the 300 Yard Rifle Range to allow members to sight-in their deer rifles at ranges beyond the 100 yards available on the GP Range. This event will start on Sunday, November 7, and run until Saturday, November 20, at the following times:

- Sundays 12pm until close
- Thursdays 2 pm until close
- Saturdays 2 pm until close

In order to assure the safety of this event, it will be held under the following conditions:

- Members using the 100-300 rifle range must be **advanced rifle certification** holders.
- The member must **check-in at GP** and shoot to zero/verify they are on paper before shooting on the 100-300 yard range.
- All firearms must **utilize a front and rear rest** that will maintain acquisition of the target at all times.
- **No bipods without the use of a rear rest** to maintain target acquisition
- **Bolts must remain out or open until the range is declared hot.** ECIs (Empty Chamber Indicators) should be used.
- **Maximum of 6 shooters per range officer on the line at any given time,** using 6 benches designated for the purpose, which will allow the safety officer to oversee the shooters better.
