

Shotgun Office Hours and Trap Shooting on Wednesdays

The Shotgun Office will be open on Wednesdays for members to use the Kiosk to load sporting clays and skeet cards, but there will be no one in the shotgun office on a regular basis on Wednesdays beginning 11 May, as the employees will be dedicated to course and facility maintenance. Employees will be on the grounds Wednesdays and can be found down range in case of need, but they will not be available to set up traps, rent carts, or sell ammunition unless something has been pre-arranged.

If members would like to shoot trap on a Wednesday they need to schedule it ahead of time. This applies to WEDNESDAYS ONLY. Members can schedule a time by calling 859-858-4458 or emailing the shotgun division email address bluegrassshotgun100@gmail.com. About 3-4 hours advance notification is needed with number of shooters and trap setting, for example: doubles, wobble or just normal. If members need to buy ammunition on Wednesday, please schedule a time. Golf cart rental on Wednesday also needs to be scheduled in advance.

Help Wanted

Shotgun is looking for someone to work Wednesdays through Fridays, 15 hours per week. The work is outdoors and requires ability to lift at least 25 pounds comfortably and often. Contact Mike Senters, Shotgun Manager, if you are interested:
