

BGSL Dove Hunting 2022-2023

The dove season(s) and member dove hunting begin at the Blue Grass Sportsmen's League on Thursday, Sept 1st, following state regulations. The dove field has changed a lot since the picture above was taken -- the flowers are dried up for one, but more importantly the doves are starting to show up! **For those who have completed the requirements and are going to participate: It looks like you are in for a treat -- just be safe and enjoy the hunting.**

For members who are not dove hunting this year: Please use caution while walking in areas near the dove field and while fishing in the pond during times when the dove field is in use, as shot fall is possible in areas adjacent to the dove hunting area.

The dove field schedule is as follows:

September 1: 11am-1pm; 3pm-5pm

September 2-9: 8am-11am; 3pm-5pm

Hours for the rest of the first dove season* are:

Monday-Friday: 8am-11am; 3pm-5pm

Saturdays & Sundays: 8am-11am; 3pm-7pm

**Note: Second and third dove seasons are as above but dove hunting will end at sunset due to the shorter daylight hours.*

For those who are not dove hunters but are curious, these hours and other details about dove hunting at BGSL this year are available in the [2022-2023 BGSL Hunting Guidelines](#).

If you have any questions or would like more specific guidance regarding non-hunter

safety during dove hunting, contact Operations Manager Ben Riffell:
