

Member Opportunity for Salvaged Material

As announced in the May Happenings BLAST, we have received the go-ahead from the insurance company to clean up the wreckage of the two barns destroyed by winds. The divisions have taken what they wanted, and cleanup is under way, but there is still quite a bit of material left from the barn which is down near the entrance available immediately. The Hay Barn is still standing (barely, for now!), but will furnish a great deal of additional opportunities for salvaging free materials soon, so let us know if you are interested in that as well.

If you want to salvage some of this material for your own use, set up a time with the office (859-858-4060) to sign any required paper work (there is no fee for the materials, but a waiver of liability will be required) and begin getting your free materials.

Women's Handgun and Self-Defense

Intermediate Carbine Skills Drills Series

If you are interested in 3Gun competition or just like a challenge, it will be the thing for you. The series will resume early in June, so we are sending out notice in case the June Happenings BLAST does not give everyone that wants to participate enough notice. Sign up at this link [Intermediate Carbine Skills Drills](#) now to get a spot in June or contact Brian King at prstrainingsolutions@gmail.com for more information.
