

Updated Dove Hunting Hours

For the information of those hunting doves this year as well as the members who need to be aware of dove hunting times when using areas adjacent to the dove fields, dove hunting Hours at BGSL have been updated (as detailed in section below), with the changes to take effect beginning September 15th. The changes will allow a bit of extra hunting time. The Hunting Guidelines have been updated with these changes as well: [you can get an updated copy of the Hunting Guidelines here.](#)
