## Intro to Carbine Class

Instructor: Brian King

Saturday, May 4, 1pm-4pm

This is a very basic intro class for those who are new to the AR platform. It is also great for those who are considering their first purchase of an AR style rifle. This class will also help prepare participants to make a decision about the "Beginning Carbine Class" scheduled for Saturday, June 1, which in turn will prepare the participants to enjoy the "Intermediate Carbine" Series which is planned to be held on the first Sunday of each month from July through November.

Participants do not have to own a rifle to come to this class, but they should inform the instructor of that fact when they register. Class will cover nomenclature and function of the main parts of the rifle, ammo selection, field stripping and basic maintenance, zeroing and confirmation of sights and/or optics, basic weapon manipulation and more. Class is approximately 3 hours long depending on class size (2hrs classroom and 1hr range time).

**Cost is \$75 for BGSL members or \$85 for non-members.**
